Widows Might
Est. 1998

Widows Might is a nonprofit public charity, caring for widows in Spokane, Washington.

"After my husband passed away, I was overwhelmed—I got some unexpected bills, and didn't know how I could pay for every thing. When I found Widows's Might, they helped me pay off those bills and even helped me find more trustworthy providers. Lots of people talk about helping, but Widows Might actually helps!"
